

# National Collaboration

Bicycle, Pedestrian, and Accessibility Infrastructure Data

March 28, 2024

U.S. Department of Transportation  
Office of the Secretary of Transportation

**Bureau of Transportation Statistics**

**FGDC.GOV**  
FEDERAL GEOGRAPHIC DATA COMMITTEE

# Facilitators | Bureau of Transportation Statistics

- **Justyna Goworowska**, Spatial Transportation Data Analyst
- **Jay Davis**, Presidential Innovation Fellow
- **Grace Bowen**, ORISE Fellow
- **Cyrus Chimento**, ORISE Fellow

# Housekeeping

- Please stay muted to reduce background noise. If you would like to speak or ask a question, please raise your hand and unmute when acknowledged.
- Type any questions you have into the chat. We will be monitoring the chat and will respond or raise your questions.
- Please type your affiliation in the chat.
- Post-meeting content will be available within about a week at: <https://github.com/dotbts/BPA/wiki>

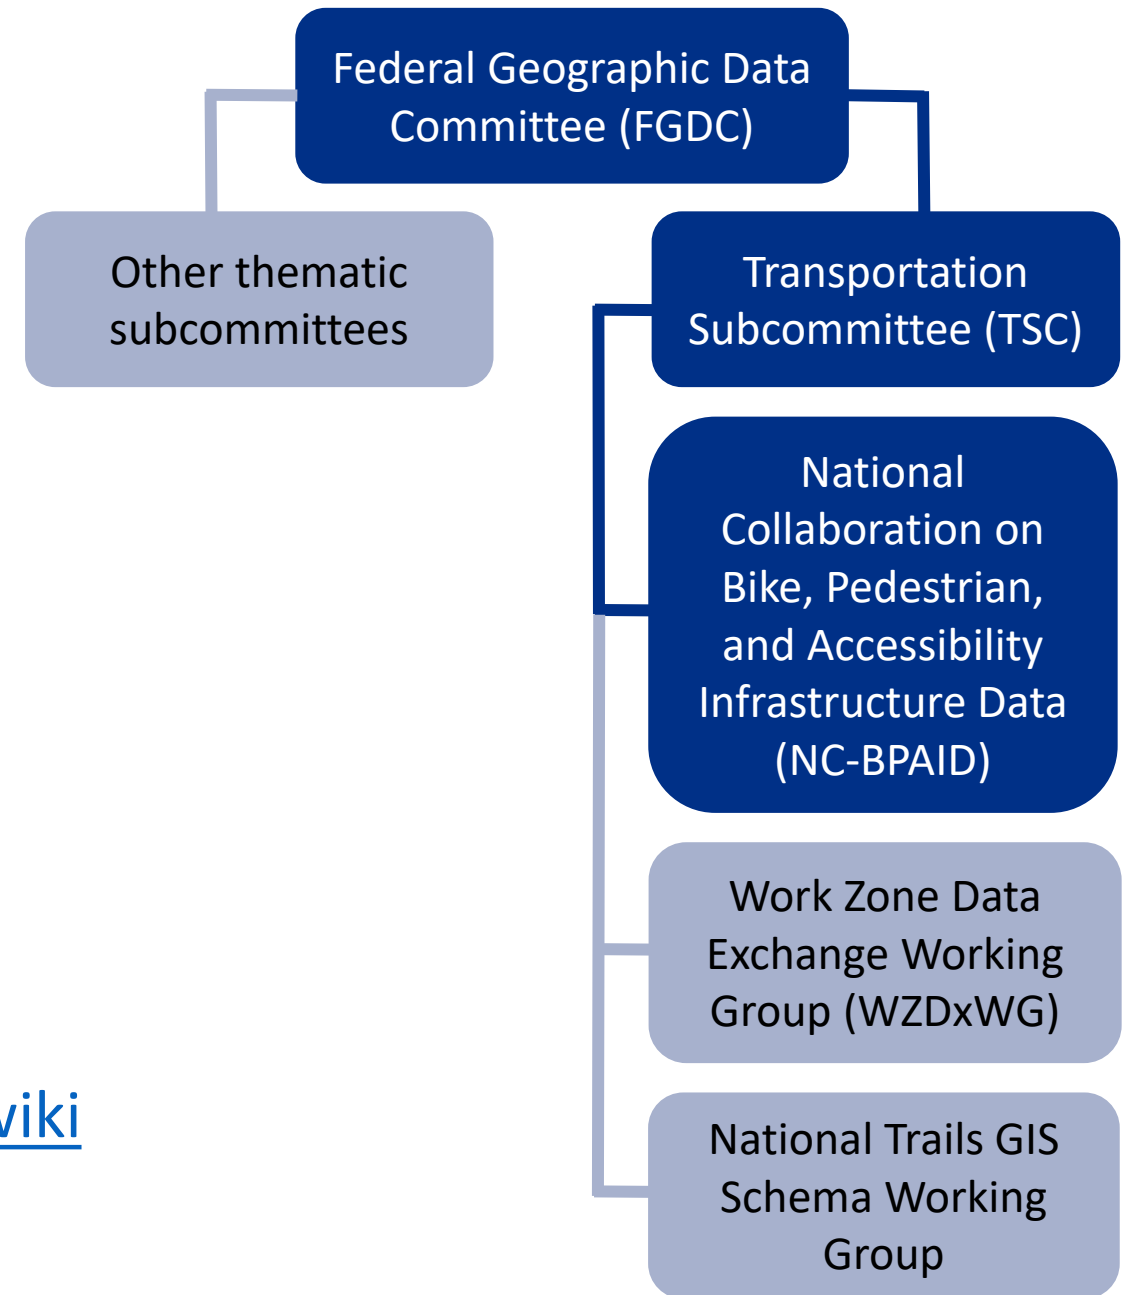

# Agenda

Welcome <ul style="list-style-type: none"><li>• Housekeeping</li><li>• Recap</li><li>• Updates</li><li>• Upcoming activities</li><li>• Meeting objectives</li></ul>	Justyna Goworowska	15 minutes
Open floor for announcements	Justyna Goworowska	5 minutes
Cataloging use cases  Breakout Rooms <ul style="list-style-type: none"><li>• Bike Infrastructure Data</li><li>• Accessibility Infrastructure Data</li><li>• Pedestrian Infrastructure Data</li></ul>	Cyrus Chimento  Justyna Goworowska Jay Davis Cyrus Chimento	50 minutes
Full group share-out	Jay Davis	20 minutes
Closing	Cyrus Chimento	<1 minute

# Recap

- Why are we here?
- Why is the Bureau of Transportation Statistics (BTS) facilitating?
- What happened at the last meeting?
- What's next?

Details: <https://github.com/dotbts/BPA/wiki>

# Updates

- New Co-Chairs
  - Anat Caspi
  - Jeff Whitfield
  - Daniel Pelaez
- Purpose and Scope
  - Revised draft and explanation: <https://github.com/dotbts/BPA/discussions/5>
  - Discuss improvements until April 5, after which we will develop working version
- Decision-Making Procedure
  - Using simple majority for now
  - We will continue learning more and will continue to workshop these

# Upcoming Meeting Activities

- Catalog use cases (starting today!)
- Future
  - Work with co-chairs to develop and propose a roadmap, including:
    - What are our overall objectives?
    - What activities do we need to undertake to accomplish these objectives?
    - What structure (e.g., subgroups) will be successful in completing these objectives?
    - What is the timeline for completing these objectives?
  - Start work on individual activities, e.g.:
    - Field scan of existing specifications that might meet the use cases
    - Develop an adoption strategy

# Purpose and Objectives of Today's Meeting

The purpose of today's meeting is to draw on situation assessment input and your experience to catalog the use cases for bike, pedestrian, and accessibility infrastructure data.

## Objectives:

1. Detail the different use cases that organizations have.

Open Floor for Announcements

# Cataloging Use Cases

Cyrus Chimento

# Breakout Rooms

## **What are you doing?**

- Name and explain the use case
- Detail the data needs
- Identify members with that use case
- Add known datasets
- Identify conflicts with other use cases
- Assign relative priority

## **How are you doing it?**

- Three breakout rooms (recorded)
  1. Bike infrastructure data
  2. Pedestrian infrastructure data
  3. Accessibility infrastructure data
- 50min discussion
- Contribute via shared document
- Return to larger group to share

# Full Group Share-Out

Jay Davis

# Full Group Share-Out

- **What are some highlights from your group's conversation?**

# Full Group Share-Out

- What are some highlights from your group's conversation?
- **Did any use cases come up in your group that were relevant to another group?**

# Full Group Share-Out

- What are some highlights from your group's conversation?
- Did any use cases come up in your group that were relevant to another group?
- **What big themes or considerations stand out to you across the use cases identified by the different groups?**

# Full Group Share-Out

- What are some highlights from your group's conversation?
- Did any use cases come up in your group that were relevant to another group?
- What big themes or considerations stand out to you across the use cases identified by the different groups?
- **Are there any important gaps that none of the groups touched on?**

# Full Group Share-Out

- What are some highlights from your group's conversation?
- Did any use cases come up in your group that were relevant to another group?
- What big themes or considerations stand out to you across the use cases identified by the different groups?
- Are there any important gaps that none of the groups touched on?
- **Within this working group, is there anything we need to do to better understand or address these use cases in our work?**

# Thank you!

Next full meeting: TBD
